## Bullying

Includes, but is not limited to, any pattern of actions or communication (in any form) that is reasonably perceived as being motivated by any actual or perceived differentiating characteristic, while also placing someone in actual and reasonable fear of harm to his or her person or property. The behavior creates or is certain to create a hostile environment for the targeted person by substantially interfering with or impairing his or her educational performance, opportunities, or benefits (From N.C.G.S. § 115C-407.15).

If an allegation of bullying is made, the school will complete a Bullying Checklist within 5 school days or less to ascertain whether or not an act of bullying has occurred.
